What so ever you do
to the least of my people
that you do unto me!

Williard F. Jabusch
This ministry exists to help those in need within the boundaries of St. Luke's parish.

Through the generous contributions obtained from it's parishioners "St. Luke's Help The Needy" are able to provide food hampers to those in need almost at a moment's notice.

Assistance for paying bills and other expenses may also be considered, but only after a full assessment by team members and approval by the committee and the parish pastor.

Occasionally the parish has items of furniture and appliances that have been donated. These are also offered to the needy when available.

St. Luke's Help the Needy works in conjunction with other organizations to provide assistance to those in need. Requests for assistance may come through the parish office, the society of St. Vincent de Paul, The Salvation Army or other organizations, who along with the food bank and others, all have access to client listings.

For those having needs other than food hampers, St. Luke's do not have the resources to offer assistance, but we are able to give them direction to the numerous organizations within the city that could be approached. To mention a few, Calgary Housing, Social assistance, meals on wheels, Alberta Human resources & employment, etc.

Throughout the year there may be hundreds of requests for assistance and unfortunately, through no fault of their own, some of these are not a one time request, but will require on going assistance.

This ministry operates through a group of volunteers that give unselfishly of their time to carry out God’s work by helping those that are less fortunate.

The teams that make up "St. Luke's Help the Needy" are dedicated and hard working people, many of whom are husband and wife teams. It is understandable that the more teams we have the less demanding it is on each. Have you ever considered joining our teams in doing God’s work for the needy?

If you feel that there is a calling for you please fill out the following and a team member will contact you for a brief interview.
